

[REDACTED] STA

Dear Mr. Dulles:

STAT [REDACTED] told me he was send-  
ing you the "curriculum vitae" of my boy  
[REDACTED] which he asked me to write after  
STAT having spoken to you on the telephone. I  
had a talk with [REDACTED] who as you know  
is an old schoolmate of mine, because STAT  
when I arrived here I found that [REDACTED]  
now a senior at Harvard, was as confused as  
most of the others of his class as to which  
branch of the Service to enlist in. Parti-  
cularly when, like [REDACTED] they had selected  
their courses in view of a legal - not  
scientific - career.

STAT In order to help my boy I tried  
to explore the various possibilities and  
in the course of these explorations I talked  
to my good friend and Baden-Baden co-internee  
[REDACTED] as well as to [REDACTED].  
I understand from them that if your people  
are interested in going further in the STA  
matter they will get in touch with [REDACTED] STA  
at Harvard. His address is:

[REDACTED]

I hope my next visit over here

will be longer and particularly  
that I may have the chance of  
seeing you again.

Believe me, with best wishes,

Very sincerely yours.

Allen Dulles, Esq.,  
Washington, D.C.
